The Golf Magician

Jerry Weinstein, "the Golf Magician" has spent his career analyzing golf swings and fitting custom golf clubs in the San Francisco Bay Area. He has used these talents and his passion for the game to create a unique system of golf instruction that will improve your game immediately. His goal is always to make you the best golfer you can be, not by micromanaging your game, but by unlocking your potential.

Jerry's unique system involves just two half day lessons, with an opportunity for follow-up. In just two sessions, you'll understand how to build on your strengths, minimize your weaknesses and watch your scores go down.

All lessons are offered in the East Bay in the San Francisco Bay Area. Local players and visitors of all ages are welcome.

What makes this system unique?

Other golf instructors encourage you to purchase a series of short lessons that focus primarily on technique. Jerry's unique program will improve your scores immediately and have you enjoy the game in two short lessons. Rather than concentrating on the "right way" to swing, Jerry customizes each session to capitalize on your strengths.

Jerry understands the four parts of any golf game:

- ✓ The mental game
- ✓ Physical conditioning
- ✓ Technique
- ✓ Equipment

His unique system integrates all four aspects of the game in a program tailored specifically to your needs. His system is designed to unlock your potential, regardless of your handicap or current score. And you'll get results in your own game after the first lesson, guaranteed.

Another unique aspect of Jerry's program is that he gets you on the golf course as soon as possible. Your second session will be an actual playing lesson, taught on the course. Seeing you play in an actual game environment gives Jerry a unique perspective on your game and allows him to teach the art of course management. By the time you complete your second lesson, you'll have everything you need to lower your scores and keep them there.

Follow-up classes are available to work on specific aspects of your game.

Raving Reviews

"This never felt like "going to class". It was hands on - on the course in the first day! "

-- Katelyn Sharp
